Thursday 6 October, 2016

To: Y9/10 Outdoor Environments - Parents and Guardians
Re: Scientific Field Trip - Barwon Bluff

Location: Barwon Bluff, Barwon Heads
Date: Friday 21 October
Time: 8.55am – 1.20pm

A main focus of the Outdoor Environments subject this semester is to get to know the Barwon Bluff and its surrounds. The purpose of this field trip is to carry out a scientific survey of the intertidal zone at the Barwon Bluff. The data gathered by the class will be collated and will contribute to the writing of a scientific report.

The students will be transported from school to the area on the College bus. There is no need for parents to sign a permission form for this particular field trip because it is covered under the ‘Local Excursions permission form’.

Students will be required to wear their sport uniform on this day.

Students need to bring the following items:
- Regular morning tea and lunch
- Water bottle
- Hat
- Sunscreen
- Mosquito repellent.

For more information regarding the excursion please contact me at the College.
